

Finance **UPDATES**

Effective January 1, 2021, the community-elected Board of Directors began governing the Mirror Lake Community Association. Prior to January 2021, the Board of Directors was appointed by the declarant/developer for undeveloped property in Mirror Lake. When the newly-elected 2021 Board of Directors obtained access to our financial records and completed a preliminary audit, it was determined that some of the findings were very concerning. Law enforcement was immediately engaged. The Board of Directors is limited in its knowledge of the ongoing law enforcement investigation, and therefore additional information cannot be disclosed at this time. Our board is working diligently to move forward and restoring Mirror Lake to its original splendor and a great community for all of us.
